PROFESSIONNAL SUMMARY

Software Development student at UADE with experience in web development using HTML, CSS, and JavaScript. Knowledge of relational databases (MySQL, SQL server) and NoSQL (MongoDB). Familiar with programming paradigms in Python and Java. Proficient in version control using Git and GitHub. Interested in both frontend and backend roles, with a fast learning curve, focus on best practices, and strong teamwork skills.

EDUCATION   March 2023 - Present

UADE – Universidad Argentina de la Empresa
University degree in software development

RELEVANT EXPERIENCE

ECOSSS   April 2024 - November 2024

Frontend developer

- Developed and implemented responsive web interfaces based on designs provided by the design team. Responsible for turning UI mockups into functional user-facing features, ensuring usability across devices. Collaborated within an agile development environment.

Freelance Developer   November 2024 – Present

Full Stack developer

- Built custom web solutions for multiple clients, handling both frontend, backend, and database management.
- Developed two SaaS platforms for virtual menus using PHP, JavaScript, HTML, CSS, and SQL.
- Created a dynamic landing page based on a custom design. Implemented with HTML, CSS, and JavaScript, with dynamic structure and content management through JSON files.

ADITIONAL EXPERIENCE

- Developed a Python application to download videos or audio from YouTube links.
- Currently learning Kotlin as part of university coursework.
- Academic training in object-oriented programming and design patterns.

SKILLS

Technical Skills:

- Programming Languages: HTML, CSS, JavaScript, Python, Java, Kotlin (in progress)
- Databases: MySQL, PostgreSQL, MongoDB
- Version Control: Git, GitHub
- Methodologies: Agile, Scrum
- Others: Design patterns, Object-Oriented Programming (OOP)

Languages:

- Spanish: Native
- English: Intermediate (B2, certified by high school education)
